

23rd Oct 2018	The Extremely Large Telescope: Engineering Challenges and Science Prospects**	Prof Colin Cunningham
6th Nov 2018	Interaction in Visual Recognition with Room-scale Tracking	Dr Julie Williamson
20th Nov 2018	Osteoporosis & Fractures	Dr Sylvie Coupaud
4th Dec 2018	Using strain monitoring and modelling techniques to monitor the conservation and display of historic tapestries	Prof Frances Lennard
23rd Jan 2019	SETI: The Search for Extra-terrestrial Intelligence**	Chris O'Kane
5th Feb 2019	Benefits of minerals made by bacteria: from early earth survival to modern engineering solutions	Prof Vernon Phoenix
19th Feb 2019	Technology of the Ancient Romans	Dr June Neilson
5th March 2019	Using Ultrasound for a Safer World	Prof Tony Mulholland
19th March 2019	The Sleeping Giant: The Current State of Solar Activity**	Dr Ryan Milligan

\*\*Joint lectures with the Ayrshire Astronomical Society
